VIINAKAART I VODKA MENU

MEKK baarile omaselt on aukohal rikkalik viinavalik, mis on hoolikalt valitud MEKK baari meeskonna poolt. Viinade valikut koostades on jälgitud maailma tippbrändide ja tootjariikide tootevalikuid. Viinalistist võib kindlasti leida pärlle nii Eesti tootjatelt kui ka lähinaabrute tootevalikust.

Characteristically for MEKK bar, the place of honour is given to a rich selection of vodkas, chosen carefully by the MEKK bar team. The range of vodkas has been assembled with the product ranges of the world's top brands and producing countries in mind. The list of vodkas is sure to offer up gems from both Estonia's own producers and the ranges of her next-door neighbours.
